JD

“ Frankie was a dear and old friend of mine while New York. He was a man of high integrity and class. Though we ran the wild life together Frankie was always well grounded and I could depend on him for his insight and vision. We spent time in California together and did an amazing trip to Mexico together. Though we haven't seen each other for years he has a big place in my heart.and his passing leaves a hole in my spirit. I wish his family much solace. Frankie you have my love...Next time around brother.....
