“ I’m sorry to hear about Gary’s passing. Cathy you and your family are in my prayers. I remember seeing Gary for the first time when we lived in temporary housing called Komadorski Village in Pleasanton Ca! Lol We were all navy brats waiting for the new naval housing to be completed. I remember thinking how good looking Gary and his brother Keith were! Lol. We were teenagers! When my friend Cathy Howard and her family came to move there I warned her the apartments were ugly looking but there was this guy that was really cute named Gary Schofield!!! Lol. When Cathy moved there we saw Gary walking across the yard in front of us and I said to Cathy that’s him he is the good looking guy I told you about and I yelled out hey Gary he said yay? This is Cathy Howard. Cathy this is Gary! He seemed to be irritated by me but when he saw Cathy I could tell right away he liked her!!! It was destiny!! They were together all the time was never meant to be apart! Cathy he is and will always be with you and your family, always. I love you Cathy be strong and carry on. He is still with you!
