“ Well, Brother, I guess this is the reason you haven't picked up your phone in the last few months. I knew that you weren't feeling good but I never knew it was this bad! I know you are in a better place now, and I know that this isn't goodbye but rather a see you later until we meet again. Thank you for being more than just a friend but also being my family. God, I am gonna miss you, my friend. I love you more than you know, brother! RIP.....
